

Singapore Dollar Worksheets

About This Resource

This set of worksheets is designed to help children develop early money skills using Singapore coins and notes. These activities support understanding of money, counting, and real-life application, while also strengthening visual discrimination and attention.

Skills Targeted

These worksheets help children to:

- Recognize Singapore coins and notes
- Match coins and notes correctly
- Count money accurately
- Build early numeracy and problem-solving skills
- Develop attention to detail

What's Included

This resource includes a variety of activities:

- Match Singapore coins and notes
- Count the money exercises

You can select activities based on your child's current level and learning goals.

How to Use

- Cut and laminate worksheets for durability (optional)
- Start with matching coins and notes before moving to counting exercises
- Model counting and matching for your child
- Encourage independent attempts
- Reinforce effort and correct responses

Tip for Success

- Use real coins/notes alongside worksheets for practical learning
- Gradually increase difficulty as your child improves
- Celebrate small successes to build motivation
